

7th International Symposium on Focused Ultrasound Preliminary Program

	Monday November 9	Tuesday November 10	Wednesday November 11	Thursday November 12	Friday Track A November 13	Friday Track B November 13
	Oral Presentations and Posters are available on-demand all day					
AM 8:00	Welcome Message from FUSF Chairman Honorary President	Brain Tumors Oral Presentation Q&A	Keynote Speaker: Michael Milken	Keynote Speaker: Clifton Leaf	Keynote Speaker: Omar Ishrak	Keynote Speaker: Omar Ishrak
	Keynote Speaker: Ralph Northam					
9:00	Movement Disorders Oral Presentation Q&A	Brain Tumors Panel Discussion	Breast Cancer Panel Discussion	Blood Brain Barrier Opening (Tech) - Oral Pres. Q&A	Investor Ecosystem 101	Brain Technical Imaging Oral Presentation Q&A
	Parkinson's Disease Panel Discussion			Blood Brain Barrier Opening (Other) - Oral Pres. Q&A		
		Keynote Speaker: James Allison	Special Lecture on Prostate Cancer	Drug Delivery Oral Presentation Q&A	Navigating the Investor Ecosystem	Brain Technical Imaging Panel Discussion
10:00	Special Lecture on Neurodegenerative Diseases			Cancer Immunotherapy - Brain - Oral Pres. Q&A	Prostate Oral Presentation Q&A	
	Neurodegenerative Diseases Oral Presentation Q&A	Cancer Immunotherapy - Breast - Oral Pres. Q&A	Prostate Panel Discussion	Fireside Chat on Gene Therapy	Dancing with a Giant: Tips for Productive Relationships between Startups and Corporates	Brain Technical - Miscellaneous Oral Presentation Q&A
		Cancer Immunotherapy - Other - Oral Pres. Q&A				Brain Technical - Beyond Ablation Research Panel Discussion
11:00	Neurodegenerative Diseases Panel Discussion	Cancer Immunotherapy Panel Discussion	Awards Ceremony Visionary Award; Ferenc Jolesz Memorial Award; Lockhart Memorial Award	Miscellaneous Indications Oral Presentation Q&A	Exits: Considering IPOs vs Acquisitions vs Mergers	Technical Research Oral Presentation Q&A
	Epilepsy Oral Presentation Q&A			Musculoskeletal Applications Oral Presentation Q&A		Technology Gaps & Breakthroughs Panel Discussion
PM 12:00	Epilepsy Panel Discussion	Fireside Chat on Cancer Therapy: Beyond ionizing radiation	Pancreatic Cancer Oral Presentation Q&A	Musculoskeletal Applications Panel Discussion	How to Engage with the FDA Panel Discussion	Closing Remarks
		Special Lecture on Liquid Biopsy	Pancreatic Cancer Panel Discussion			
1:00	Special Lecture on Psychiatric Disorders	Special ISTU Session	Liver Oral Presentation Q&A	Chronic Pain Oral Presentation Q&A	The Power of Advocacy Organizations	
	Psychiatric Disorders Oral Presentation Q&A		Updates & Introduction Lizzi Award Winner Presentations	Miscellaneous Tumors Oral Presentation Q&A	Women's Health Panel Discussion	Dan Shultz, Greenleaf - Regulatory
2:00	Psychiatric Disorders Panel Discussion	Remembering Charles Cain: A Pioneer and Leader in Focused Ultrasound	Roundtable Discussions	Roundtable Discussions	Stephanie Keenan, McGuire Woods - Reimbursement	
	Neuromodulation Oral Presentation Q&A				Roundtable Discussions	Q&A about Clinical Evidence
3:00	Neuromodulation Panel Discussion with NIMH				How Medical Specialty Societies Influence Reimbursement	
					Real World Examples of FUS Site Success Panel	
					Training Certification and Credentialing Panel	
4:00					Closing Remarks
